**!Globalstar Intermittent Service Warning!**  
**--Service Delay Disclaimer --**  
 Dear Customers,

Globalstar Phones will experience delays in connecting to service on average of 10 to 30 minutes with southern latitudes(below 42 °) performing worse than Northern latitudes (43 °to 65 °)  
 The Globalstar system has recently lost several satellites that have now affected the reliability of the service being provided to the Globalstar phones and creating gaps in service ability.

Please only consider Globalstar service for Casual, Non-Urgent Communications.

For Time Sensitive, On Demand Communication Needs, please consider [Iridium](#) or [Inmarsat](#) satellite services.

First rental day starts when equipment is delivered. Customers

**SECTIONS 2.0-14.0 – RENTAL TERMS & CONDITIONS**

**SECTION 2 – AGREEMENT TO RENT**

SPS agrees to rent to Customer, and Customer agrees to rent from SPS, the mobile satellite equipment (hereafter designated "Equipment") described above for the term of the Effective Dates of Rental, except as otherwise provided herein. The Customer agrees to use the rental equipment with SPS's Globalstar services.

**SECTION 3 – TERM**

The term of this Agreement begins on the Effective Date, as shown above, and except as otherwise provided herein, will continue until the equipment is returned to SPS as noted in the terms of the effective date and return grace period.

**SECTION 4 – PAYMENTS & CHARGES**

**4.1 Rental Charges** - Customer agrees to pay rental charges and any other applicable fees **IN ADVANCE** prior to shipment to designated shipping address. A security deposit reserve as noted in Section 4.2 will be required as security for the return of the equipment in good condition. This deposit is not a charge and Customer agrees to provide such deposit by signing this agreement. The customer will pay additional daily rental fee beyond the rental period is \$12.95 day. **No daily minimum** usage required – you pay for what you use. There are no refunds for unused bundled minutes. The rate beyond bundled minutes is the regular home rate of \$1.78 per minute.. Customer's credit card will also be charged the applicable airtime charges plus taxes & fees of 12.5% Inside FL and 8.5% Outside of FL. SPS will either present customer with an itemized call detail record for all calls made by the rental phone usually within 30 to 90 days after the end of the rental, or the customer will hear an automated message at the beginning of every call with time left on airtime card. (Customer may calculate remaining airtime balance by deducting the balance of minutes used from total minutes purchased.) Until SPS receives the Equipment, the Customer shall remain bound by the obligations of this Agreement.

**4.2 Security Deposit/Reserve** – A charge for a security deposit/reserve may be placed against the Customer's credit card, as stated above, on or before the Effective Date. This deposit may be retained by SPS and will be applied against Customer's account for payment of rent or damages to or loss of the Equipment, or any other payment owed to SPS by Customer. Currently SPS charges \$0.0 for Kyocera / Motorola 9500 and \$0.0 for Motorola 9505A as a security reserve. Once account has been finalized and charges paid, any remaining deposit will be credited back to same credit card.

**4.3 Test and/or Repair Charge** – If returned equipment appears broken due to Customer misuse, a test and repair charge of up to \$50.00 may be charged for inspection, testing and minor repairs required to return the Equipment to service. This charge will be payable at the end of this Agreement. If the terminal cannot be repaired, the customer will be notified and held responsible for the specified replacement cost of the terminal. If insurance was purchased, this charge will apply to deposit.

**4.4 Other Costs** – In addition to the applicable equipment rental charge and airtime, the Customer also agrees to pay for any additional equipment selected above. Any and all shipping costs to transport Equipment between the Customer and SPS or its designated storage location(s) are the responsibility of the Customer. Specified shipping charges outlined above are rates for the Continental United States *only*. SPS utilizes UPS, USPS, and sometimes other carriers for rental shipments.

**4.5 Data transmission use & Dropped Calls** - Due to the technical nature of data setups and the inherent sophistication of data transmission through a variety of operating systems, SPS makes no representation as to the success of data calls through the system. Customer agrees that all data call attempts, regardless of ultimate successful transmission and termination, will be paid for. No credit will be given in the event of disputes of this nature. Along with potential incorrect use such as attempted use next to a building or other obstruction, the Iridium system (a Low Earth Orbit satellite constellation) has inherent flaws and anomalies that can create dropped calls of either voice or data nature. **Dropped calls will not be credited.** SPS can provide data setup technical support beyond the normally provided setup instructions at an additional charge. Please consult with a sales representative for more details.

**4.6 Taxes, etc.** – Customer will either pay directly for any taxes or governmental fees such as use, property, excise, customs duty or other taxes, license fees, assessments, permits or commissioning and registration fees relating to the shipment, activation and rental of the Equipment.

**SECTION 5 – EQUIPMENT USE, SITE & INSPECTION**

Customer shall be responsible for obtaining any license, permit or permission from any governmental or regulatory agency which may be necessary for or imposed upon the operation of the Equipment. Operation is legally allowed in many countries, including those outlined in the SPS website [www.satellitephonestore.com](http://www.satellitephonestore.com) ("About Iridium" section). The Customer will exercise due care with and will permit only qualified personnel to use and operate the Equipment. Such use and operation shall be only according to written instructions provided by SPS. Customer will not use or operate the Equipment in any illegal manner or for any illegal purpose nor in violation of any law, ordinance or regulation. The Customer will keep SPS advised of the changes to the specified Equipment's site or usage location. The Customer will permit SPS or its Agent to inspect the Equipment during the term of this

agreement with any reasonable notification. If said agent determines that equipment has been returned in poor or damaged condition, a \$130 charge not including equipment repair may be charged. The customer also permits SPS to charge immediately for any damages to equipment. The charges will include the cost of repair or replacement equipment.

**SECTION 6 – WARRANTY**

SPS warrants that each item of equipment will be suitable for normal operation and use at the time of delivery. SPS MAKES NO OTHER REPRESENTATION OR WARRANTY OF ANY KIND, EXPRESSED OR IMPLIED, WRITTEN OR ORAL, AS TO ANY MATTER WHATSOEVER. SPS DISCLAIMS ANY AND ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR ANY PARTICULAR PURPOSE.

**SECTION 7 – OWNERSHIP & SECURITY INTEREST**

**7.1 Ownership** - Customer acknowledges that SPS is and shall remain the owner of the Equipment until title is conveyed to the Customer by an attached separate lease/sale or agreement. Customer will protect SPS's ownership rights against claims, liens and other encumbrances by Customer's creditors or other claimants against Customer. Customer will not remove, obliterate or obscure markings which identify SPS as owner of the Equipment.

**7.2 Security Interest** - Customer will execute and deliver to SPS documents and forms which are reasonably necessary or desirable to protect SPS's ownership and interest in the Equipment, including financial statements as specified under the Uniform Commercial Code.

**SECTION 8 – INSURANCE & RISK OF LOSS**

**8.1 Insurance** - SPS offers insurance against equipment damage if selected on equipment accessories section, but *not* against loss. Customer may seek their own insurance against loss from their Home/Business or other insurance providers.

**8.2 Risk of Loss** - Customer will bear responsibility for all malfunctions, failures, damage to or loss of equipment, except in the case of manufacturing defects and normal wear and tear covered under Section 9. In the event of any such damage or loss, Customer will promptly give SPS notice thereof. Customer will then select one of the following options:

(I) Pay to SPS an amount equal to the Standard Equipment Value or a fraction thereof for the damaged or lost equipment. In such case, the rental charges and other obligations of the Customer shall continue until the payment is made. After payment is made this Agreement will terminate as to the Equipment involved; or

(II) Request that SPS repair or replace the damaged or lost equipment, and pay to SPS the cost of such repair or replacement. In such case, the rental charges and other obligations of the Customer shall continue during the period of repair or until replacement. If SPS is unable to repair or replace the equipment then option (i) shall apply. In any case, the amount to be paid to SPS shall be reduced by any applicable insurance proceeds paid to SPS pursuant to Section 9.1 of this Agreement.

**SECTION 9 - MAINTENANCE**

**9.1 Normal Maintenance** - SPS or its authorized agent will be the exclusive source to maintain the Equipment and will maintain the Equipment in operational condition. Customer will deliver the Equipment to SPS or its agent for maintenance and Customer will pay all costs for shipment to SPS or its agent and shall be liable for any loss or damage during transportation. SPS or its agent will return the Equipment to the Customer and shall be liable for any loss or damage during transportation. When available, and as requested by the Customer, maintenance may be effected at the Customer's location; in which case Customer will pay for the transportation and labor costs of SPS or its authorized agents in accordance with the standard rates in effect. Such maintenance will be provided without charge to Customer for malfunctions and failures due to manufacturing defects and normal wear and tear. Maintenance required for other malfunctions and failure or damage caused by improper power source, abuse, accident, improper operation, abnormal conditions of operation, or other Customer misuse is covered under Section 8.2.

**NOTE: USE OF ERRATIC POWER WILL DAMAGE EQUIPMENT. THIS IS OF PRIMARY IMPORTANCE IN COUNTRIES WHERE CONSISTENT POWER SUPPLY IS NOT AVAILABLE. CUSTOMER-PROVIDED AUXILIARY POWER GENERATOR SHOULD BE CONSIDERED & MAY BE REQUIRED.**

Malfunction or failure of operation covered by this section will entitle the Customer to a reduction in rental charges on a pro-rated basis for a period commencing on the day the malfunction or failure is reported to SPS in sufficient detail to enable SPS or its agent to commence necessary repairs, and ending on serviceable condition. In no event will SPS be liable for any loss of profits, indirect, consequential or other damages resulting from any failure of the Equipment. The customer will not open the Equipment's housing, alter or repair or permit the alteration or repair of the Equipment, or make any attachments thereto, without the prior written approval of SPS Whenever Communications Inc.

Upon such termination, (i) the balance of the Gross Rental Amount will be due and payable immediately, and (ii) SPS has the right, at its discretion, to take possession of and remove the Equipment from service immediately.
